

# SCHOLARSHIPS IN SPRING

Every year PI grants scholarships and awards for a total value of some **100 000 euros** for undergraduate, graduate and post-graduate studies and professionals. The scholarships and awards are applied to twice a year, March and October

**The scholarships granted in the spring support students** in their studies related to the bioforest industry and promote their internationalisation. Scholarships are granted for PI members only.

## STUDENT SCHOLARSHIP

### INFLUENCER FOR A WOOD-BASED FUTURE

The Student Scholarship aims to support students in their studies related to the bioforest industry or closely related industries as well as to promote internationalisation.

Granted to students and recent graduates that with their words and actions motivate and inspire their colleagues in their workplace or school.

## GRADUATION WITH DISTINCTION SCHOLARSHIP

Granted to students who have graduated from university or university of applied sciences with excellent grades.

## ANDRITZ OY AWARD

Is granted in a recognition of an outstanding thesis in the field of fibre production or modification.

## C. J. JANSSON AWARD

Awarded for an outstanding technical-scientific article related to the bioforest industry.

APPLICATION PERIOD CLOSES ON **15 MARCH**
